

## Child Care

We offer free child care for children under 1st grade. Our purpose is to allow the parents to be involved in the education going on with the older students. For this reason our child care is limited to those families who have older children enrolled in HHC. The child care provided will take place in the same building as the classes at HHC. This will make it possible for parents to check on their little ones throughout the day.

### Workers

Our child care workers are experienced in child care and nursery work and have been run through background checks.

We ask that you supply any change of clothes and or diapers/pullups for your children that they may need in child care. Snacks will be provided for children in child care, however lunch will need to be brought by the parents.

Child care children must go through the enrollment process as well so that we can be well-prepared. There will be no enrollment charge for children in child care.

### Drop Off/PickUp

When dropped off, parents will sign their children in and leave their phone number with the workers in case of emergencies. Your child must be signed out by an individual on the list we will have you provide of adults who can pick up your child.
